

Lab Automation

- OpenBIO® Bioreactor Product Family
- SmartFactory Robotics
- SmartFactory Machine Vision
- Laboratory Information Management System (LIMS)

Factory Automation

- Digital LineClearance Assistant™
- SmartFactory Machine Vision
- SmartFactory Vial Counting
- SmartFactory Robotics
- Traceability

Supply Chain Automation

- SmartFactory Returnable Transit Packaging
- SmartFactory Machine Vision
- SmartFactory Robotics

Software

- SmartFactory Software Suite
- AI & Deep Learning
- Custom Software Development Tools
- Data Management & System Integration

Process Control

- OpenBIO® Bioreactor Product Family
- Modernization & Migration
- Data Management & Control System Integration
- Custom Software Development Tools
- Monitoring, Notifications, and Alarm Integration

Life Cycle Services

- Consulting
- Optimization
- Support & Maintenance
- Functional Process Management
- Technical Services
- Transformational Outsourcing
- Training

R&D - production - packaging - supply chain
